

BIG GARBAGE DAY

THURSDAY, MAY 20th

IT'S TIME TO CLEAN YOUR BASEMENTS, ATTICS, AND GARAGES

Sticker-free day! Our contract with Waste Management allows for pickup of *as many unwanted items* as you want to put on the curb on May 20th. Items could include davenport, chairs, bicycles, cabinets, anything you no longer want!

Waste Management will bring several trucks to the community to collect all the junk **starting at 7:00 AM**. Please get your items out early. Getting your unwanted “junk” out the day before will allow the “recyclers” to have a chance. *“One man’s junk is another man’s treasure”*.

No liquids will be accepted. Latex paint must be either dried out or soaked with kitty litter. Place paint cans out in plain site with lids off so the hauler will know that the cans do not contain liquid.

REMEMBER: The following items will **NOT** be picked up:

Tires, batteries, paint and other hazardous materials and substances.
See reverse side for a schedule and information on disposal of unwanted chemicals in Dallas and Greene Counties for 2010.

The following appliances will not be picked up – microwaves, stoves, refrigerators, freezers, washers, dryers, dehumidifiers, air conditioners, hot water heaters, and dishwashers.

Any individual may contact Waste Management (265-5267) to set an appointed time to have tires or batteries picked up (\$5.00 each) or to have appliances picked up (\$35.00 each).

ANOTHER OPTION:

South Central Iowa Landfill, 2496 State Highway 92, Winterset, Iowa will accept household hazardous waste (list of hazardous on reverse side) by appointment (1-888-603-2739). The landfill will also accept appliances at a cost of \$8.00 each.
