

Library of Tomorrow - Monthly Meeting Agenda

There will be a time for public comment and question at the beginning of each 7 PM meeting. Each person may use two (2) minutes to ask his/her question or give his/her comment. The public may also write questions or comments down to be given to the library director or chairman if they prefer. Our committee meetings are held in the public. After the period for public comment/question, the committee will go through its agenda in the public eye, but not in an open forum format. Those in the audience may chose to remain or may chose to leave following their comments or questions. It is our hope to keep the public's comment/question time to about twenty (20) minutes so as to devote the majority of the committee's time to business.

Library of Tomorrow Meeting - Tuesday, 3/21/17 Memorial Hall 7 PM
