

Call to Order 7:00 pm

Roll Call - All present

Approval of June 3, 2021 meeting minutes; Matteson moved, Licht second, motion carried.

Public Comments;

Bob Haxton, concerns and comments on the costs of the pool, and the use of LOSST funds. The pool is not open long and doesn't serve all citizens. LOSST should be used for essential infrastructure needs.

Julie Becker, has no confidence in the cost estimates, is concerned about the interest and that this wasn't presented. Believes the pool will indirectly and unreasonably impact taxes in the town. Doesn't think that the remodel was studied and no due diligence was given. Julie wants to know how much the total project costs would be.

Review, discussion and possible action on advisory committee report to council.

Revisions to condition of the pool regarding the roof.

Discussion of project costs, and interest costs.

Review of pool inspection report and deficiencies noted.

Harris moved approval of the report, with changes discussed. Lawton second.

Motion carried unanimously.

Adjourn; 7:19pm
